

Contemporary Styled **Wood Heaters**

Designed for modern Australian homes

With a 30-year history of manufacturing wood fireplaces, Blaze has become Australia's first choice for stylish, high-quality wood heaters.

Our unrivalled knowledge and industry expertise mean we're always boldly innovating to deliver the best in contemporary fireplace designs, modern materials and unique features which add value, depth and warmth to people's living spaces.

Providing excellent convection heat coverage, the Blaze range meets the current emission and efficiency requirements as set by the Australian Standards. Our heaters are built to provide year after year of warmth and come with a 10 Year Warranty. We are proud of our Australian designed Blaze range.

B100

The Blaze B100 is small in foot print but a powerful radiant wood heater with a minimalistic design and easy to use features. Modern stainless steel handle, cast iron door, large viewing window and constructed with 6mm steel. The B100 is just quirky enough to be uniquely stylish.
